- extra long hair is anything past the “bra strap”
- blowdry includes shampoo & style blowdry
- set & style includes shampoo, (if required) blowdry, (if required) tong, straighten, hot roller or velcro roller set – whichever technique is recommended to achieve the desired result. This does not include any form of up styling.

- creative upstyle - is determined by the time & techniques required to create the desired style (normally a more elaborate or intricate style requiring extra time and expertise) does not include shampoo & blowdry – extra cost if requested or required
- “basic makeup” – is a light, natural, daytime look. Perfect for those who don’t wear much make up. This may however not last as long as the “specialist” application. This is not recommended for the bride.
- “specialist makeup” – is a more formal, wedding make up, perfect for afternoon or evening wear. Ideal for photos & long lasting. The foundation application is a little heavier – but is waterproof. This is the application we recommend for our brides, it can & will still look very natural & soft if that is the required finish, but it will last all day & night. This does not include false lash application.
- “deluxe makeup” – is the ultimate make up service. Includes all skin preparation including primer, hydrator, lip treatments, eye treatments for dark circles, puffiness & lines. Also includes false lash application if required.
